

General Research Categories

The general research categories include but will not be limited to:

- Artificial Intelligence
- Augmented, Virtual, and Mixed Reality
- Big Data
- Blockchain Technology
- Control and Automation
- Cryptocurrency
- Database Management Systems
- Data Science and Analytics
- Data Mining
- Hardware Interfacing
- Robotics
- Convergence of ICT to Bio-science and Life sciences
- Convergence of ICT to Business Management and Financial Applications
- Convergence of ICT to Education and Social Sciences
- Convergence of ICT to Healthcare and Medicine
- Convergence of ICT to Transportation Systems
- Cloud Computing
- Information Security and Risk Assessment
- Intelligent Information Processing
- Internet of Things (IoT)
- Mobile Computing
- Multimedia Systems
- Next Generation Communications and Networking
- Risk Assessment and Analysis
- Semantic Web Applications
- Software Development and Information Systems
- The 4th Industrial Revolution

- Special Emerging Topic: Innovative Technologies for the prevention of COVID-19

The First International Conference on Innovative Technology Convergence will be held online on December 10-12, 2020.

ICITC 2020 is an international conference organized by the Innovative Technology Convergence Society Inc. (ITCS) in collaboration with the Philippine Society of Information Technology Educators – Region 6 (PSITE-R6) to provide an avenue for Researchers, Scientists, Educators, Engineers, Distinguished Scholars, Professors, and Industry Practitioners to share related research ideas, approaches, and methods in various areas of Information and Communications Technology.

The conference aims to address the new challenges and opportunities that have emerged through the convergence of innovative technologies for the development of various applications in different fields. In addition, the conference can become an opportunity to discuss pertinent facts, ideas, probable solutions, prevention, innovative technologies, and theoretical studies regarding the current COVID-19 pandemic.

Important Dates and Deadlines

- Paper Submission Deadline: October 20, 2020
- Acceptance Notification: October 31, 2020
- Full Paper Submission and Registration Due: November 16, 2020

Online Paper Submission System

Submitting Authors must visit the conference website for manuscript preparation guidelines, and submissions. Manuscripts must be within 4- 8 pages, and converted into PDF format before submitting it through <https://easychair.org/conferences/?conf=icitc2020> submission system or by e-mail intechconverge@gmail.com.

Publication

1. Conference Proceedings:

All accepted and registered conference papers will be included in the first issue of the book series Emerging Trends and Technologies Digest with ISSN and will be applied for indexing in international databases.

2. Journal Publication:

Selected good quality papers will be recommended for publication in distinguished international journals indexed by SCOPUS, EI Compendex, or SCI(E) after revision and extension.

Registration

All accepted papers must be registered by at least one Author to be included in the program and proceedings. Registration instructions will be notified to Corresponding authors of accepted papers.
